A&E

INSURANCE FOR ARCHITECTS & ENGINEERS

INTRODUCING PROSURANCE™ A&E

Architects and engineers engage in a broad range of disciplines which vary widely from project to project. One job may involve significant bodily injury exposures and another have the potential to cause pollution if things go wrong. It is therefore critically important for architects and engineers to buy an insurance policy which covers these diverse exposures.

We insure thousands of architects and engineers worldwide so we understand this diversity and can consider a wide variety of activities within this sector.

BROAD COVER

ProSurance™ A&E is not just errors and omissions insurance. It is a modular policy targeting key exposures for architects and engineers. Features include:

- A comprehensive General Liability package, including products and completed operations liability, tenants' legal liability, employee benefits liability, non-owned and hired auto and medical expenses
- Property cover which includes sewer back-up as standard and provides options for earthquake and flood
- Business interruption cover containing tailored enhancements such as loss of research and development expenditure and project delay costs
- Full pollution liability, covering both sudden & accidental and gradual pollution, which is an important concern for geologists and environmental engineers amongst others
- Clear, unambiguous cover for breach of a client contract providing you with certainty that this increasingly important exposure is covered
- Full civil liability coverage, not just negligence
- Specific cover for breach of intellectual property rights
- Cover for suits brought against the architect or engineer anywhere in the world as standard
- Payment of fees withheld by an aggrieved client if this mitigates a potentially larger claim.
- Reimbursement of costs incurred to help reduce or avoid a claim.
- Punitive and exemplary damages cover
- Virus and hacking liability cover

LIMITS, DEDUCTIBLES AND PREMIUMS

- Limits of liability available up to \$10,000,000
- A range of reinstatement options available
